COMPANY BACKGROUND

WHY GLG NATURALS+

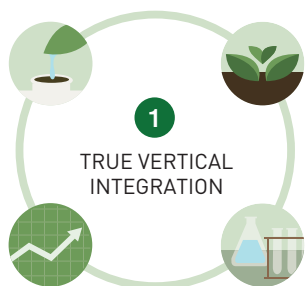

GLG was founded almost two decades ago on a quest to offer premium quality natural sweeteners to help overcome common health issues of our times – among them, obesity and diabetes. We believe we've made a difference in today's world by providing healthy natural ingredients for today's food, beverage and personal care industries and their discerning consumers across the globe.

It is with this goal in mind that GLG goes beyond natural sweeteners to launch GLG Naturals+, offering many high quality and innovative ingredients through our trusted partners. This wide range of healthy, natural and functional "in demand" ingredients comes at a compelling price and is approved through our "R8" supplier certification process providing you with the confidence required when introducing a new ingredient to your finished product.

HOW DOES R8 WORK?

In order for suppliers to be approved as a GLG Naturals+ partner and receive the R8 Trustmark, they must comply with the following requirements:

- 1 PRODUCT QUALITY TESTING VERIFIED BY AN INDEPENDENT LAB
- 2 PROOF OF SUFFICIENT PRODUCTION \ CAPACITY & CONSISTENT SUPPLY OF PRODUCT
- 3 ANNUAL MANUFACTURING FACTORY SITE AUDIT & ROUTINE FACILITY VISITS
- 4 INTERNATIONAL CUSTOMER SERVICE STANDARDS
- 5 CERTIFICATION BY REPUTABLE THIRD PARTIES FOR INTERNATIONALLY RECOGNIZED INGREDIENT AND MANUFACTURING RELATED CERTIFICATIONS
- 6 COMMITMENT TO ENVIRONMENTAL AND SUSTAINABILITY PRACTICES
- 7 WHOLLY OWNED AND/OR HAVE HIGH LEVEL OF VERTICAL INTEGRATION
- 8 COMPLETE FINANCIAL CREDIT REVIEW

10 GOOD REASONS WHY YOU SHOULD PARTNER WITH US
